SEITE IS ENGAGED IN THE WORK OF TRAINING PEOPLE FOR MINISTRY WITHIN THE CHRISTIAN CHURCH IN THE SOUTH EAST OF ENGLAND. WE WOULD GREATLY VALUE YOUR PRAYER FOR THIS WORK:

Please pray that:

- Our teaching of theology will give people a greater understanding of God and God's mission in the world, and inspire students with vision for ministry
- Our practical placements will be effective learning experiences in which students are able to develop their ministerial gifts and abilities
- Our students will be attentive to their vocation throughout their programme of study and will be placed in ministerial posts which use their gifts and enable their growth
- Our tutorial staff will have understanding, sensitivity and discretion as they accompany students on their path to public ministry and as they report on them
- Our teaching and administrative staff will have wisdom and foresight in the running and development of the Institute and its programmes of study
- Our partnership with the dioceses and denominations we serve and the teaching institutions with which we work will be productive and beneficial for all
- Both staff and students will be wise in the way they balance their commitments to work, to study, to family, to friends and to church
- That families and friends of students training for ministry will themselves find support during this period of change and growth
- That God will lead and guide us in this work and that we will be attentive to God's call upon us wherever it may lead us.

THANK YOU FOR PRAYING FOR SEITE
